EDUCATION

Dawood University

Bachelor of Artificial Intelligence

DJ Science Government College

Intermediate (Pre-Engineering)

Jun 2023 - Jun
2027

Jun 2021 - Jun 2022

Professional Summary

Passionate MERN-stack developer and BS Artificial Intelligence student with solid experience building responsive full-stack applications, dashboards, and real-world tools. Skilled in JavaScript, React, Node.js, Express, MongoDB, Python, and essential machine-learning libraries. Completed the **Saylani Mass IT Training (SMIT) – Web & App Development** certification and served as a **Saylani volunteer**, contributing to community-focused technology and learning initiatives. Strong interest in combining web development and AI to build practical, user-centered solutions.
